Blood Written Letter

👁 24 ✓ 2 ★ 4

Chapter 1 by Sam I am

Early this morning, I received a letter. It looked very weird. The paper was old and written in a weird, red ink. It looked as if it was written 100 years ago. The only thing written on this letter was "He's gone. Your next. Don't fall asleep tonight." What is this supposed to mean? I live alone in an isolated cabin. Who's watching me? Should I be watching my back?

Chapter 2 by N8

I took out my forensic kit a began to work. If I could figure out who sent this to me, then maybe I could save myself. I got to work, scanning the envelope and paper for fingerprints, but came out unsuccessful. Finding fingerprints, that is. Instead, I decided to check out the ink. Upon my surprise, the ink wasn't ink at all. It was blood. I took a sample and began to try and find the previous owner.

After about an hour and a half, I found my person.

Jerry S. Frid.

From Cleveland Ohio.

36 years old.

Missing.

The man was really dead.
